## **Product data sheet** Automation technology - sensors and actuators

Product description

M12-A connecting cord for food and beverage industry, Contacts: 8, not shielded, moulded on cable, IP69K, Ecolab, FDA compliant, M12x1, Standard cable, PP grey, 8 x 0.25 mm<sup>2</sup>

Area Order number M12-A series 763 77 3734 3727 40908-0200

#### Security notices

The connectors are designed for use in plant, control system and electrical equipment. The end user is responsible for checking whether the connectors are suitable for use in other applications.

Connectors with degree of protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the connectors must be separately protected against corrosion. For further information about IP degrees of protection refer to 'Technical support' in the Download Centre.

To lock the cable connector to the equipment connector, the threaded ring is tightened until it is 'finger-tight' (approx. 50 cNm).
