# **Product data sheet** Automation technology - sensors and actuators

Product description

M12-A cable connector, Contacts: 12, not shielded, moulded on cable, IP69K, Ecolab, FDA compliant, PP grey, 12 x 0.25 mm<sup>2</sup>

Area Order number M12-A series 763 77 3729 0000 40912-0200

# Technical data

#### **General values**

Connector design Connector locking system Termination Wire gauge (mm) Wire gauge (AWG) Upper limit temperature Lower limit temperature Customs tariff number

#### **Cable data**

Cable length Sheath material Conductor resistance Bending radius, fixed cable Approval 1 Approval 2 cable connector screw moulded on cable 0.25 mm<sup>2</sup> 24 105 °C - 40 °C 85444290

2 m PP 75  $\Omega$ /Km ≥ 7.5 x Ø Ecolab FDA compliant

#### **Electrical values**

Rated current (40 °C) Rated voltage Rated impulse voltage Pollution degree Overvoltage category Insulating material group Insulation resistance EMC compliance Degree of protection

Degree of protection 2 Mechanical operation

### **Material**

Contact material Contact plating Contact body material Housing material 1.5 A 30 V 800 V 3 II II  $\geq 10^{10} \Omega$ not shielded IP69K IP67 IP67 > 100 Mating cycles

CuZn (brass) Au (gold) PP PP

#### Security notices

The connectors are designed for use in plant, control system and electrical equipment. The end user is responsible for checking whether the connectors are suitable for use in other applications.

Connectors with degree of protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the connectors must be separately protected against corrosion. For further information about IP degrees of protection refer to 'Technical support' in the Download Centre.

To lock the cable connector to the equipment connector, the threaded ring is tightened until it is 'finger-tight' (approx. 50 cNm).
