## Specificaties

### General characteristics

|                             |                                       |
|-----------------------------|---------------------------------------|
| Enclosure type              | Hood                                  |
| Size                        | 66.40                                 |
| Enclosure series            | C-TYPE                                |
| Closing type                | With 4 pegs                           |
| Locking mechanism           | Double locking levers                 |
| Protection degree           | IP65 / IP66 / IP69                    |
| Operation lower temperature | -40 °C                                |
| Operation upper temperature | 125 °C                                |
| Cable entry type            | without cable entries (to be drilled) |
| Position cable feed         | Without cable entry                   |
| Height                      | 75 mm                                 |
| Width                       | 56 mm                                 |
| Length                      | 82 mm                                 |

### Material

|                                                            |                                                   |
|------------------------------------------------------------|---------------------------------------------------|
| Material housing                                           | Die cast aluminium alloy                          |
| Coating housing                                            | With epoxy-polyester thermosetting powder coating |
| Inflammability class of insulation material acc. with UL94 | V2                                                |
