

# Product data sheet

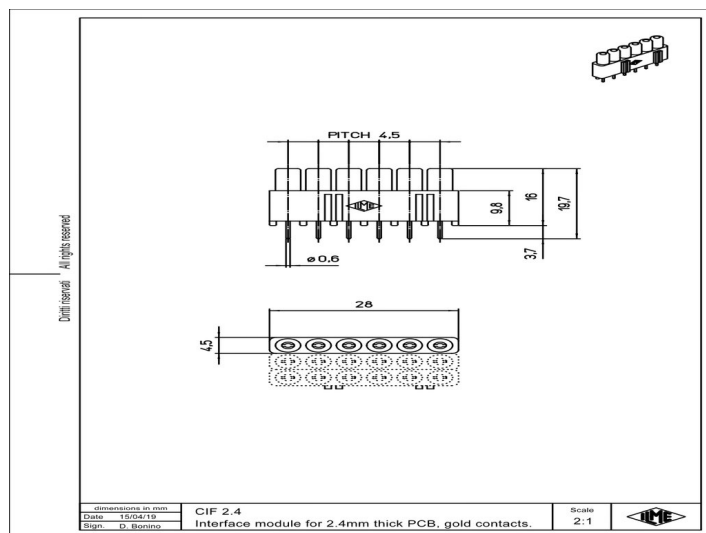

## Ilme connectoren

interface module, gold, 6p, plug, 6A, 250V, for PCB-size up to 2,4mm

CIF 2.4

## Specificaties

### General characteristics

|                             |              |
|-----------------------------|--------------|
| Accessory type              | PCB adapters |
| Operation lower temperature | -40 °C       |
| Operation upper temperature | 125 °C       |
| Colour                      | Grey         |
| Diameter PCB pin            | 0.6 mm       |
| Length PCB pin              | 4.6 mm       |
| Contact pitch               | 4.5 mm       |
| Number of poles             | 6            |
| Over voltage category       | III          |
| Suitable for PCB thickness  | 2.4          |

### Electrical parameters

|                    |     |
|--------------------|-----|
| Max. rated current | 6 A |
|--------------------|-----|

### Material

|                                                            |               |
|------------------------------------------------------------|---------------|
| Material                                                   | Thermoplastic |
| Material contact                                           | Copper alloy  |
| Plating of contact                                         | Gold          |
| Inflammability class of insulation material acc. with UL94 | V0            |
