## Specificaties

### General characteristics

|                             |                                    |
|-----------------------------|------------------------------------|
| Accessory type              | Coding ring for enclosures         |
| Operation lower temperature | -25 °C                             |
| Operation upper temperature | 100 °C                             |
| Colour                      | Red                                |
| Protection degree           | IP66/IP67/IP69                     |
| Cable entry                 | M20                                |
| Remark                      | For CK / MK, CKA / MKA enclosures  |
| Remark 2                    | For metal and plastic cable glands |
