

# Product data sheet

## Ilme connectoren

coupling connector, size 21.21, zinc, with RJ45 insert CX 4/2 JF

CYG 4/2 JFA

<https://www.ac-solutions.be/nl/product/cyg42jfa>

## Specificaties

### General characteristics

|                             |                        |
|-----------------------------|------------------------|
| Product Type                | Data connection insert |
| Insert series               | CYG couplers           |
| Number of contacts          | 4                      |
| Number of poles             | 4                      |
| Connection type             | Data connection        |
| Gender                      | Female                 |
| Size                        | 21.21                  |
| Operation lower temperature | -40 °C                 |
| Operation upper temperature | 120 °C                 |
| Colour                      | Grey                   |

### Electrical parameters

|                       |       |
|-----------------------|-------|
| Max. rated current    | 2.1 A |
| Nominal rated voltage | 50 V  |

### Material

|                                                            |               |
|------------------------------------------------------------|---------------|
| Material insert                                            | Thermoplastic |
| Inflammability class of insulation material acc. with UL94 | V0            |
