Product data sheet

Automation technology - sensors and actuators

Product description M12-A cable connector, Contacts: 8, not shielded, moulded on cable, IP69K, Ecolab, FDA compliant, PP grey, 8 x 0.25 mm²

Area M12-A series 763 Order number 77 3729 0000 40908-0500

Technical data

General values

Connector design cable connector
Connector locking system screw
Termination moulded on cable
Wire gauge (mm) 0.25 mm²
Wire gauge (AWG) 24
Upper limit temperature 105 °C
Lower limit temperature - 40 °C
Customs tariff number 85444290

Cable data

Cable length Sheath material Conductor resistance Bending radius, fixed cable Approval 1 Approval 2 5 m PP $<79\Omega/Km$ $\geq 7.5 \times \emptyset$ Ecolab FDA compliant

Electrical values

Rated current (40 °C) 2 A Rated voltage 30 V Rated impulse voltage 800 V Pollution degree Overvoltage category Insulating material group Ш $\geq 10^{10} \, \Omega$ Insulation resistance **EMC** compliance not shielded Degree of protection IP69K IP67 Degree of protection 2 IP67

Mechanical operation > 100 Mating cycles

Material

Contact material CuZn (brass)
Contact plating Au (gold)
Contact body material PP
Housing material PP

Security notices

The connectors are designed for use in plant, control system and electrical equipment. The end user is responsible for checking whether the connectors are suitable for use in other applications.

Connectors with degree of protection IP 67 and IP 68 are not suitable for use under water. When used outdoors, the connectors must be separately protected against corrosion. For further information about IP degrees of protection refer to 'Technical support' in the Download Centre.

To lock the cable connector to the equipment connector, the threaded ring is tightened until it is 'finger-tight' (approx. 50 cNm).
